WITH ECONOMICAL, SAFE,
MODERN OIL HEAT... AND
THERE'S MORE TO COME!**

Here's why they switched...

Only Oil is "Hospital Clean"... a clear odorless liquid that burns completely in its own sealed combustion chamber.
Only Oil gives Total Heating Service. Other fuels tell you to solve your own problems at your own expense.
Only Oil gives you a Personal Fuel Supply on your premises, to use at your convenience. Broken long distance pipe lines can't trouble you.

and remember... **OIL HEAT IS SAFE**

If you are one of those still using gas heat, now is your chance to get out from under.
